

Wylie Fire-Rescue Physical Ability Test

Thank you for your interest in Wylie Fire-Rescue. We hope the information in this presentation will better prepare you for your testing date. Good Luck!

J. Brent Parker

Fire Chief

Wylie Fire Rescue

Physical Ability Preparation

- A 20 min. video will be presented before the test.
- A walk through of the test will be given to all applicants.
- Time limit is 7:58.
- Testing Gear: (Structure) helmet, coat, gloves, SCBA (will not be on air) , and knee pads.
- 65 ft. aerial climb at 70 degrees (not timed) at the end of the physical ability test.

Event 1

Candidate will advance a dry 1 $\frac{3}{4}$ pre-connected hose 70 ft. around two corners and place the nozzle in a designated spot.

Event 2

Candidate will advance a charged 1 ¾ pre-connect hose line 70 ft. then through a diminishing clearance obstacle and set the nozzle down in designated spot.

Event 3

Candidate will raise a 24 ft. extension ladder hand over hand and back down.

Event 4

Candidate will climb up and back down a 14 ft. roof ladder carrying a simulated 22 lb. chainsaw, and place the chainsaw in the designated spot.

Event 5

Candidate will crawl a distance of 20 ft. across a simulated attic space carrying a flashlight in his/her hand, and then place flashlight in designated spot.

Event 6

Candidate will stand on a pitched roof and strike the pad on the roof 30 times with a 10.5 lb. sledge hammer. When finished place sledge hammer in designated spot.

Event 7

Candidate will drag a 162 lb. dummy 20 ft. and place in designated area.

Event 8

Candidate will remove 14 ft. ladder from mounted hooks and carry 51 ft. in a diamond shaped course, and replace the ladder back on mounted hooks. The ladder is not to touch the ground at any point.

Event 9

The candidate will crawl on the ground for 40 ft. following painted line in a square shape.

Event 10

Candidate will climb up and down a flight of stairs three times while carrying a 7.5 lb. flat head axe. Up to the top and down is one. You must touch the top 3 times and the bottom 3 times. Your time will end when you step off the bottom step and place the axe in designated spot on your third time.
